Order Nonimmigrant Visa Application (DS-160)

Application Information

Please record your Application ID in a safe and secure place. If there are technical issues with the system or you wish to complete your application some other time, you can view your work and then start where you left off. In order to access your application later, however, you will need (1) your Application ID and (2) the answer to the security question that you will choose on this page.

To choose a security question, click the one you like the best from the dropdown list, type your answer to the question in the box below, and then "Agree." Remember to confirm and save your application later; you will need to log the answer exactly as you wrote it when you agree.

You can also use your Application ID and security question to retrieve your Confirmation Page after you have submitted your application, or to use your previously provided application information to complete a new application in a later date.

Electronically submitting your DS-160 online application is only the first step in the visa application process. Once you have electronically submitted your DS-160 online application, you must contact the embassy or consulate in your place of origin to apply to confirm whether you need to be interviewed by a consular officer, and to schedule an interview. You can find the U.S. embassy and consulate you wish to visit on their website where you can find information about scheduling a visa interview appointment. If the embassy or consulate at which you apply informs that you must have a visa interview, the visa application center website will appear for an interview.
